

GALACTOMED-RPS

PRODUCT DESCRIPTION : Characteristics of a ANIMAL FEED SUPPLEMENT including a complete description of it's composition and information on ANIMAL FEED SUPPLEMENT.

GALACTOMED-RPS : is formulated to be used in dairy and beef cows to supply additional energy in production life cycles wherein the animals require additional energy to perform to its potential.

Name of the Product : Galactomed-RPS, as the name indicates the formulation offers a comprehensive solution to allow the lactating cows and buffaloes yield optimum milk without compromising its health and welfare.

The abbreviation RP stands for rumen protected. This formulation is probably unique globally as it uses novel micro-encapsulation technology to protect the nutrients from degradation in rumen thereby avoiding any harm to the rumen microbiota.

COMPOSITION: (In 100 gms.)

1. Microencapsulated starch : 95.0 g
2. Calcium Chloride : 5.0 g
3. Excipient : q.s.

DOSAGE:

1. When milk production goes down, use 250g (One Pouch) per day/Cow/Buffalo for Four days.
2. Repeat after every 30 days at the rate of 125g per day/Cow/Buffalo for Four days.

INDICATION :

1. RUMEN BYPASS Starch is for direct conversion to glucose in intestine.
2. Ensures consistent glucose supply for optimum milk yield.
3. Early and consistent milk peak.
4. Early return to Oestrus.
5. Post sickness and antibiotics treatment.
6. After transport stress.

SHELF LIFE : 24 months from the date of manufacturing.

STORAGE : Store in a cool and dry place at room temperature.

SIDE EFFECT : No side effect.

PACK SIZE : 250g & 10Kg.
